Describe in detail the most recent incidents of abuse. State what happened, the dates, who did what to whom, and describe any injuries. Also describe any history of abuse. If more space is needed, attach additional pages and check this box: ☒

Through out our relationship he has been abusive, both verbally and physically. On 11-16-92, 2 days prior to giving birth to our son, he lost his temper and hit me knocking me down. I received a black eye and a split lip. On 12-02-92, he again lost his temper, threw things around the apt. and I was afraid for my son, as he wouldn't let me have him. I Called my mom asking her to come and get the baby and I so I could be safe at their house. He wouldn't hand him over to either of us and my mom told him if he didn't stop acting in this threatening manner, she would call the P.D. He then pulled the phone receiver out of the phone base and swung it around several times, hitting my mom in the head and splitting her head open. Report was filed with Upland and he was charged with A/W/D/W. He got out aft 5 days served. We tried to work problems out, but on 1-16-93, I was hit again and received a black eye and a swollen face, at that time I moved out of our apt. and back to my parents. I was told 2-13-93, by my bank that I was overdrawn on our savings acct. That there had been a deptsit envelope put into our acct. in the ATM but with no money and then funds had been withdrawn. So they held my deposit up, I went to the apt. to ask him about it when he lost his temper and choked me, I filed with Upland P.D. and a citation was given him as a citizen's arrest. On a promise from him, I dropped the charges a day before his court date, with the D.A. That same afternoon, on my way to work he got mad at me because I wouldn't let him keep my car, he got mad and reached over to throw it into park. I blocke

Him with my arm a. this was while I was driving down Euclid Ave. and he bit me on the arm. He again tried to throw it into park and this time did it, and I spun over onto the soft shoulder of the road. I tried to call the P.D. from the pay phone and while there he said he wanted his things out of t car. He then got his tool box out and hit me in the stomach with it and hit me with the car door. I called my mom and came home and filed report with Ont. P.D. but at first was told it was Chino's jurisdiction so went down to file. took pics. and then later was contacted by Det. Jim Harris from Ontario. The case # 93-5-375, the charges are being pressed at this time. I still had tried to work problems out and get him to admit there's a serious problem and go get the help he needs but on eve. of 5-16-93, he had been drinking at a bar and when he finally came back to my parent's home, he was very abusive verbally to myself and my mom. Behind my Dad's back, he head but ed me with his head and then hit me in the face with a small duffle bag he tr at me. Which was packed with shoes, cologne, and small tools etc. At that time he w ordered off their property. He then left and is now staying with friends in Roubidoux.

On the night of 5-31-93, he threatened me that he was going to come and kidnap my son and I could'nt stop him. He also stated that he would contact a friend of his and he would have my mom and myself done in.

At this time I am apprx. 6 mos. pregnant and I not only ~~fear~~ fear for the safety of my unborn child but for my tiny son as well. My mom is my child care provider and at this time as he has threatened to take him so many times I am very afraid. He loses control very easy and although up to this point I have been the only, other that my mom, victim of his violence. I plead with the Court to help me stop this cycle now before my son is the next.
